

The Raleigh Daily News.

JORDAN STONE, Managing Editor.
WALTER T. WILLIAMS, Political Editor.
SATURDAY, AUGUST 21, 1872.

NATIONAL REFORM TICKET.

FOR PRESIDENT:

HORACE GREELEY,
OF NEW YORK.

FOR VICE-PRESIDENT:

B. GRATZ BROWN,
OF MISSOURI.

ELECTORS FOR PRESIDENT AND VICE PRESIDENT.

Elector for State at Large—Thos. J. Jarvis, of Tyrrell, and E. W. Pou, of Johnston county.
First District Octavius Coke, of Chowan.
Second District—Swift Galloway, of Greene.
Third District—T. C. Fuller, of Cumberland.
Fourth District—H. A. London, Jr., of Chatham.
Fifth District—David F. Caldwell, of Guilford.
Sixth District—W. L. Steele, of Richmond.
Seventh District—F. B. McDowell, of Iredell.
Eighth District—Thomas D. Johnston, of Buncombe.

IRREVERENCE.

"THERE MAY BE SOME DEMOCRATS PRESENT WHO ARE REPETANT AND LIKE TO PREACH TO SINNERS. YOU HAVE HEARD OF THE FELLOW WHO SAID, 'I CAME NOT TO CALL THE RIGHT, BUT SINNERS, TO REPENTANCE.'"—Delano, Grant's Secretary of Interior, in his speech at Raleigh.

IN THIS FAITH, AND WITH THE DISTINCT UNDERSTANDING THAT IF ELECTED, I SHALL BE THE PRESIDENT, NOT OF A PARTY, BUT OF THE WHOLE PEOPLE, I ACCEPT YOUR NOMINATION IN THE CONVENT TRUST THAT THE MASSES OF OUR COUNTRYMEN, NORTH AND SOUTH, ARE EAGER TO CLASH HANDS ACROSS THE BLOODY CHASM, WHICH HAS TOO LONG DIVIDED THEM, FORGETTING THAT THEY HAVE BEEN ENEMIES, IN THE SOCIAL CONSCIOUSNESS THAT THEY ARE, AND MUST HEREAFTER REMAIN, BROTHERS.—HORACE GREELEY.

"We want a President without a party; a government without corruption; a Congress without price; and a Judiciary without politics."—B. Gratz Brown.

A REQUEST.

We would be glad to get the full name and Post Office address of every member elect to the Legislature, so that we may publish a correct list for the information of the public. The first list published by us was very inaccurate, although we notice it continues to be copied by our contemporaries.

Will not some friend in each County send us the desired information concerning his own member or members?

THE REVOLUTION OF PEACE.

The heart of the nation is longing for peace. The popular impulse beats in unison with reconciliation. Left alone, unflinched by passion—unmoved by prejudice—and uninfluenced by party feeling, the people of the United States would hail, with joy and gladness, the opportunity for the restoration to the country of national fraternity and national harmony.

The REVOLUTION OF PEACE set in, when leading Northern Republicans, seeing the great injustice and wrong of crushing the energies of a people who were citizens of a common country, refused to make further war upon the Southern States, and determined to cut loose from a political organization, which, in order to continue its lease of power, relied solely upon stirring up the embers of strife and distrust, and fanning into flame the sectional hates, which were gradually but imperceptibly dying out.

When Trumbull, and Schurz, and Sumner, in the Senate of the United States, refused to bow longer to the dictation of the Administration junta—when Horace Greeley, in the columns of the *Tribune*, appealed for a cessation of the cruel and vindictive policy, which was grinding down the South under the heel of tyranny and outrage—when many leading Republicans at the North, in sympathy with this spirit, invoked the President and his party in Congress, to pause and consider if the Southern States had not been sufficiently plundered and wronged—when the enormities of Carpet-bag domination were brought to light, and the eyes of honest men everywhere opened to the unblushing frauds and unattractive corruption revealed in the States travelling in the agencies of so-called *Reconstruction*—when a movement was inaugurated inside the Republican party, in the interest of humanity, to reform these abuses, to stop this insensate policy of hate and oppression, to rebuke this spirit of passion and of strife—then were sown the seeds of that REVOLUTION OF PEACE, which, planted in the popular heart, have taken root and flourished, and which are yet destined

to bring forth a rich harvest for the promotion of the prosperity, honor, and glory of the Republic.

This REVOLUTION OF PEACE was fully set in motion long before the Convention at Cincinnati, on the first of May. That Convention served to give form, shape and consistency to the patriotic movement which had for its chief aim the establishment of genuine peace throughout the land, the clasping of hands between the North and South after long years of estrangement and distrust, and the restoration of civil law and constitutional Government to the American States.

This policy, set on foot by influential and eminent Republicans, received a grand impetus at Baltimore on the 9th of July, where the National Democratic party of the country, rising above the atmosphere of political prejudice, united their forces with the Macedonian phalanx that had raised the banner of revolt in favor of PEACE AND RECONCILIATION.

Our party resolved to make common cause with all patriots who would join with them in the effort to overthrow the corrupt and despotic Administration of President Grant, which was hostile to the highest interests of the country, and promised only a perpetuation of the hardships and cruelties of a military despotism.

The action of the Baltimore Convention gave to the REVOLUTION OF PEACE a power and importance which caused the Belshazzars of the Administration to tremble and quake with fear. The movement was no longer to be despised, nor desired. The great Democratic party of the nation, with its three millions of voters, had joined its fortunes with those of the Liberal Republicans, and the grand and noble spectacle was presented of patriots of all parties and of different shades of political opinion, rushing together under the same banner and making a united stand against the cohorts of Radicalism—the enemies of free government and Constitutional liberty.

And the REVOLUTION OF PEACE is still marching on! On the 5th day of November, it is destined to sweep from power the corrupt party that now holds the reins of government.

The whole country is tired of war. We have had quite enough of strife—of sectional hate—of bitterness—of passion.

The reelection of Gen. Grant will give us no respite from war. It will bode no good to the country—especially not to the South.

Grant's reelection will be fatal to the restoration of national tranquility and national prosperity.

Let us welcome the REVOLUTION OF PEACE as the harbinger of a restored Union of co equal States.

TROOPS FOR NORTH CAROLINA.

A sensational dispatch was sent off from Salisbury, N. C., to the New York *Times* by some Radical understrapper, giving an exaggerated account of the personal difficulty between H. H. Helper, editor of the *Salisbury Tribune*, and W. F. Henderson, a Radical of unenviable notoriety.

The dispatch sent from Salisbury, pretends that violence was offered to Henderson on account of his political sentiments, that his life was in danger, &c., &c.

Upon this, the *Times* makes editorial comments, and attempts to manufacture a first-class Ku Klux canard, closing with the threat of having Federal troops sent to North Carolina to put down the lawlessness in Rowan County.

Now, this is the latest political trick that has ever been practiced upon the credulity of the Northern people.

A personal difficulty occurred in Salisbury between an editor of a political newspaper and an individual whom the paper denounced, and forthwith the occurrence is telegraphed all over the country as a great Ku Klux outrage.

The people of a peaceful country are threatened with all the terrors of military law on account of a street fight between two individuals, in which nobody was hurt, and nobody concerned except the two persons!

The Radicals must be at a great loss for a little capital when they resort to an insignificant and harmless personal rencontre to make votes for Grant.

VOORHEES ON THE LOUISVILLE CONVENTION.

In a recent speech in Indiana, Hon. D. W. Voorhees took occasion to comment on the Louisville Convention. In the course of his remarks, Mr. Voorhees used the following language:

"I have weighed the calamities which will accrue to the country from Grant's reelection against the benefits to be procured by the election of Greeley, and have taken my stand accordingly. I have no word of abuse to hurl against the men engaged in calling the Louisville Convention, but their purpose cannot be mistaken. Every intelligent man in the United States knows that it is a movement solely in the interest of Grant and directly tending to his reelection. That Convention is the only hope of the Grant party. Mr. Greeley is now the only choice we can make to bring peace and reconciliation to the country."

"BON" FOR GREELEY.—The Troy *Press* says: "Robert Lincoln, son of President Lincoln, is strongly for Greeley. In conversation recently with a bosom friend of his father he remarked, 'if father was living he would take an active part for Greeley.'"

GREELEY AND BROWN CLUBS.

We notice that Greeley and Brown clubs are being formed in many counties in the State.

In order to have uniformity, the *Salem Press* recommends the adoption of the following Constitution, which we think a very good one. Verbal alterations and amendments can be made to suit the different localities.

Let us have a Greeley and Brown club in every Township in the State:

CONSTITUTION FOR GREELEY AND BROWN CLUBS.—The undersigned voters of the township, who are opposed to the Administration of the Government by U. S. Grant and his corrupt minions, and who favor the reforms pledged by the Cincinnati platform and ticket as adopted by the National Democratic Convention at Baltimore, and who earnestly support Horace Greeley for President and B. Gratz Brown for Vice President, do hereby organize themselves into a working body, to co-operate with the regular Conservative organization, which shall be known as the Greeley and Brown Club of this township, and adopt the following code of rules:

1. The officers of the Club shall be, A. President.
2. As many Vice-Presidents as may be desired.
3. A Recording and Corresponding Secretary.
4. A Treasurer and Finance Committee.
5. An Executive Committee of five members.

II. The regular meetings of the Club shall be held on the _____ of each month, at such hour as may be designated by the President. Special meetings shall be held whenever deemed advisable by the President, and may also be held by appointment at any regular or special meeting.

III. The President shall preside at all meetings and preserve order thereat. In his absence the senior Vice President shall preside. In the absence of all the Vice Presidents, the club shall choose a presiding officer *pro tempore*.

IV. The Secretary shall keep a record of the proceedings of each meeting, and a roll, alphabetically arranged and duly signed by each member, of all the members of the club.

V. The Treasurer shall safely keep and disburse on the order of the Executive Committee, such moneys as shall be contributed to pay the expenses of the Club.

VI. The Executive Committee shall provide a place of meeting for the Club, shall procure and attend to the distribution of documents among its members and others, shall vigilantly attend to the interests of the Conservative cause, make proper arrangements to secure the polling of the full vote at the presidential election, and perform generally such duties in connection with the purposes of the club as shall be assigned them.

VII. Amendments to this Constitution may be made by the vote of a majority at any regular meeting of the Club.

Dated _____, 1872.

THE LESSON OF DEFEAT.

The Washington *Express* has an able editorial on the "Lesson of Defeat."

While the nominal popular vote is against us by a majority too insignificant to cause despondency in our ranks, yet it is almost certain that if our party had been efficiently organized the result would have been quite different, and we would have cause for rejoicing over a great victory instead of seeking to learn wisdom from experience.

If our forces had been well disciplined, there would be no necessity of studying lessons of defeat.

The *Express* says:

It chanced not unfrequently that one defeat is the cause of a dozen victories. We think it was Napoleon who said he did not like to fight very long against one General, lest he should teach his adversary the art of war. William of Orange, Nassau, one of the greatest warriors and statesmen of his time, who finally gave pause to the lillies of the Great Louis, and resented trembling Europe, was unfortunate in all of his early campaigns but his invincible spirit knew no flagging, and even as he fled before his enemies, he watched their plan of attack, and their mode of pursuit. In this manner he studied under his foes, and the result was felt at the fall of Namur and wherever else he conquered his former conquerors. We may illustrate the fortunate result of composure and resolution in the front of defeat, in the growth of the present radical party from a few out-throat followers of John Brown to the noguils in power, and the liveried lackeys that now swell its ranks. There is one thing far more demoralizing than defeat to any party, and that thing is complete victory.

Undoubtedly it requires consummate skill to inspire and discipline a beaten force; but so long as the numbers are left, worthy leaders should not despair. It is always more difficult to retain power than to gain it. In Legislative bodies the party in the majority has to bear the brunt of every unpopular enactment, whilst the minority may flaunt their *cheap patriotism* under the consoling assurance that their votes are nullities. Let either party approach absolute authority and that party is pretty sure to enjoy but a short lease of power. The Radicals were in power in 1868-69, and committed suicide with Shoffner bills and rail road appropriations; the Conservatives were in power '70-71, and the white voters were disaffected with three Convention Acts; and we dare say that the smallness of our majority in the General Assembly just elected is the greatest blessing for which we could hope, since the considerable Republican strength in that body will check our party down to that temperance which will secure us another victory in 1874.

Let us then discourage the cry that Conservatism is dying in North Carolina. Desaix came upon the field of Marengo just as the troops of Napoleon were flying before the Austrians. "I come," said Desaix "to cover your retreat." "Not so!" cried Napoleon, "Charge!" Gallantly the French cavalry swept down upon the Austrians, scattered in pursuit—and the Little Corporal was crowned with another victory. Friends of Greeley and reform, you need none to cover your retreat.

GOLDSBORO MESSENGER.

It affords us much pleasure to chronicle the increasing prosperity of the *Goldsboro Messenger*. We make below an extract from the last issue of that paper.

The *Messenger* has proved itself an able ally in the cause of Conservative Democracy. We trust it will continue to grow in popular favor. Its motto is upward and onward, and it has built itself up by its own merits and enterprise.

"It is very encouraging to us to note that our *Messenger* is favored with an increased and always increasing range of business and circulation. Our enterprise was begun five years ago. During that time we have encountered many rough winds and great hardships. We have had to labor hard both late and early. But our labors and troubles have been rewarded with extraordinary success. This has been accomplished by sheer pluck, energy, and perseverance. It is the fruit of industry. We have never been beholding to cliques, factions, or moneyed corporations.

In the publication of this journal we have endeavored to keep steadily in view the goal of the Democratic-Conservative party, and this shall be our aim in the future. We shall have no cliques or factions to trammel us, but shall remain entirely free in all respects, serving only the public and receiving back from the public approbation, encouragement, and reward.

The *Messenger* is to-day stronger in all respects than it has ever been, and we feel sure that it will continue to increase in its power of being useful. Our circulation is now among the largest if not the largest of all the political papers in the State.

The industrious, sober, and thrifty farmer or mechanic, after years of patient toil, may point to his possession with pride, and justly, because he has earned it; so we, after five years of work and care, may well be proud to consider the multitude of our friends and boost of their good work as something which we have earned.

It is our intention to improve the *Messenger* still further at an early day. We are also making arrangements for weekly news letters from all parts of the country where it circulates. These will add greatly to the interest of the paper, and will no doubt add hundreds of subscribers to our already large list. With each increase of patronage we shall improve the appearance. It shall be a newspaper to suit the present progressive times.

DEMOCRATIC FRAUDS.

The Kinston *Gazette*, alluding to the frauds in the State election, and the charge of the *Era* that the Democrats are equally guilty with the Radicals, says:

"We have submitted to these things long enough, and we now call upon our leaders fearlessly to vindicate the people's rights, and if Democrats and Liberals have committed any of the frauds charged let them abide the consequences; if the Radical party is guilty we demand that it pay the penalty. We court a fair and honest investigation and are willing to abide the consequences. THE SOVEREIGN PEOPLE OF NORTH CAROLINA DEMAND IT."

THE GOLD MINES OF MECKLENBURG.

We call attention to an interesting article, in another column from the *Charlotte Democrat*, on the subject of the Gold Mines of Mecklenburg County.

It will be seen that Mr. Clark, Superintendent of the Wilson Mine, saved seven hundred dollars per ton by having the ore from his mine tried by fire assay.

[From the *Charlotte Democrat*.]

The Gold Mines of Mecklenburg County.

Not long since a test by assay was made in the city of New York of the sulphuretted gold ores taken from the Wilson Mine in this county, belonging to J. M. Townsend, of New Haven, which proved very conclusively the immense value of the sulphuretted brown ore veins in the quartz formation of Mecklenburg county East and West of Charlotte.

Mr. J. T. Clark, the Superintendent of the Wilson Mine, used for some time a ten stamp battery, and was making out of the ore from fifty to sixty dollars per ton, which was considered by everybody in the community a splendid yield; but from various tests made of the tailings from his battery, he was satisfied that the largest portion of the gold escaped, and could not be collected by the ordinary process of milling. Therefore he boxed up and sent to New York three or four tons of his ore to be tried by fire assay. The result of this experiment proved the ore to be worth \$750 per ton, showing very clearly that he had lost \$700 out of every ton he had put through his mills.

Now these are facts worthy of the consideration of every person now engaged or who may hereafter engage in the mining business. Can the refractory ores of our quartz veins be assayed with similar results on a large scale? If so, then there is no mining country in the world superior to old Mecklenburg county, N. C. There is no trouble in getting out the ore in large quantities, but we have heretofore found very great trouble in getting the gold out of it.

Mr. Clark, who has managed his mine admirably from the beginning, and has taken a large quantity of ore from the veins which seem inexhaustible, very soon discovered that he was not getting near all the gold his ore contained, very properly used the precaution to save all the tailings from his mill. These tailings are now just in a proper condition to be assayed, and according to the test above referred to there is enough on hand at the mine to make a large sum of money.

This Wilson Mine has been worked down to the depth of three hundred feet by an inclined shaft, through which all the ore and waste dirt from the mine is drawn up on a rail road by means of a large steam engine which affords ample power besides for milling purposes. But without stopping to take out the ore, except as they are taken through it with their tunnels, they have been pressing on, exploring the mine, until they have established its permanency beyond doubt, and it is now one of the best mines in the United States.

The Mecklenburg Mine is situated on the

same side of Mecklenburg county with the Wilson Mine, and very near the celebrated old Capps Mine, it being one of the veins leading from the Capps Mine. This mine is also in successful operation, under the management of Mr. Pond, an intelligent California miner, who is using a stamp mill with copper plates differently arranged and differently prepared for catching the gold from anything that we ever had in this county, and I understand he is producing wonderful results from it in the way of making gold, and no doubt will bring about a great revolution in the mining interests of the county.

The old Capps Mine is still lying idle. Practical miners from California and elsewhere come out here, they hear of this property, go to see it, walk over the hill and see what a great amount of work has been done there; hear from the people how rich its gold ore are, and the large quantity of gold it has yielded, and see the immense piles of refuse ore lying upon the surface, containing gold enough to pay for the mine twice over. They all want the mine and talk about buying it, but finally back out, afraid of the cost. And thus, this valuable property with its magnificent gold veins, is permitted to lie idle from year to year, while men, practical in other things, come here and purchase other and inferior mines, because they get them cheap, and after working awhile fail and go back home cursing the gold mines in North Carolina because they failed, as they would fail in any other business with the same management.

As a general thing we have had as few failures in the gold mines of this part of North Carolina as they have had in California and Colorado. Gentlemen who have visited both countries say that the North Carolina mines in this section are just as good as the Western mines, and the average yield of the ores richer. And that we have a great advantage over the California country in that we can work all the year while they can only work from April to November, and we pay our hands from seventy-five cents to one dollar and a half per day, while they pay their hands from three to five dollars per day, and provisions of all kinds high in proportion—wood from fifteen to twenty dollars per cord.

ILLNESS OF EX-PRESIDENT DUEÑAS.

Dr. Francisco Dueñas, the ex-President of San Salvador, who arrived last week in this city, the victim of a revolution, is at present lying dangerously ill in the Hotel Espinal, on Fourth street. The ex-President was taken ill quite suddenly, and his condition excites the gravest apprehensions. Being quite an old man, the fifteen months' imprisonment he suffered has completely broken him down. His wife, five children and two South American Indian nurses are in attendance on him.—Dr. Dueñas is worth over \$1,000,000.—*New York Herald*.

The attempt of Johnston, a swimmer well known and celebrated for his aquatic feats, to swim across the Channel from a point near Dover to Calais, on the French coast, a distance of about twenty six miles, resulted in complete failure last Saturday. Before he had accomplished seven miles his legs became totally numbed by the coldness of the water, and he was threatened with cramps. He was taken up by a boat which kept alongside from the start.

The old Elm tree under which Washington took command of the armies of the United States, is still standing in Cambridge, Mass., with an iron railing around its base, but it is beginning to show the effects of old age. Last week one of its largest branches, measuring upwards of thirty feet in length and a foot in diameter, fell to the ground. The venerable tree will soon disappear with other relics of the revolutionary period.

HOW GRANT REPUBLICANS HAVE MANAGED LOUISIANA.—A statement comes from New Orleans that the debt of Louisiana at this time is not under sixty millions of dollars, whereas the State debt, proper and contingent, accumulated for forty years up to and including 1867, was a trifle over fifteen millions; also that there has been an increase in the city debt of New Orleans of ten millions in the last four years.

Hot weather has closed fifteen theatres and other places of amusement in Paris.

Steps will be taken to rebuild William Tell's chapel at Uri, Switzerland, which is in a ruinous condition.

San Francisco has a barber shop run by a Japanese woman.

DIED.

LASSATER.—In this city on the 30th inst., of Consumption, Mrs. NANNIE LASSATER, wife of Thomas Lassater, aged 29 years. She was a native of England, and a member of the Baptist church, and leaves a devoted husband and three affectionate children to mourn their loss.

NEW ADVERTISEMENTS.

LOUISBURG FEMALE COLLEGE.

The Second Session will begin

OCTOBER 7th, 1872.

Board and Tuition, in the regular course, from \$35 to \$55 per term of 5 months.

On terms equally reasonable.

Apply for circulars to

WM. ROYALL, President.

NOTICE.

By order of the Board of Commissioners, the undersigned will, on Wednesday, August 27th, 1872, sell the personal property, and merchandise on hand, of the estate of the late J. M. Clark, deceased, at public sale, on the premises, at 10 o'clock, a.m., at the residence of the undersigned, at Raleigh, N. C.

W. M. WHITAKER, Mayor.

SPECIAL NOTICES.

A PERILOUS SEASON.—Glorious and delightful as the Summer weather is, its tropical heat is a severe trial to many vital powers. Even the strongest are sometimes prostrated by its effect. The common phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments. The liver is most affected, the bowels are either constipated or too much relaxed, the stomach half performs the work of digestion, the appetite is poor and the spirits depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is especially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone; if the stomach is torpid, it regenerates it; if the nerves are tremulous and weak, it braces and reinforces them; if the mind, which ever sympathizes with the body, is gloomy and despondent, it relieves the difficulty, and soon brings the whole mechanism of the body into harmony with the laws of health.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective and anti-bilious medicine, is not known and appreciated. Throughout the Tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and climates, it is especially suited to the common ailments of the Tropics, being the purest and best vegetable stimulant in the world.

Beware of the Bitters made of acid and dangerous materials, which unscrupulous parties are endeavoring to foist upon the people. Their name is legion, and the public has no guarantee that they are not poisonous. Adhere to the true remedy, Hostetter's Bitters, sold only in glass, and never in kegs and barrels.

A SAD FALLING OUT.—It is indeed a sad falling out when a man and a woman, in the intimacy of the hair parts company with the head. Fortunately the lamentable separation may be prevented, and the hair and more closely united than ever by a timely and systematic use of LYON'S KATHARON, the most potent and reliable of hair and scalp promoters of its growth and beauty known to modern pharmacy. It completely obviates the dry and parched condition of the roots of the hair, which is preliminary to its coming out, by supplying the precise degree of moisture required, and preserving it in a healthy state. It is the only true dissolvent and evaporant of dandruff and other impurities of the scalp, whose presence is injurious to the hair. As a beautifier of the head the Katharon has no equal. It improves its quality immediately, imparting a lustrous and healthy silky texture which are exceedingly attractive.

SUICIDE COMMITTED.

As the result of an inactive state of liver and stomach, producing indigestion, chronic intellect, dullness, despondency, dementia, and finally insanity, is no uncommon occurrence. The remedy is to be found in the use of Dr. Pierce's Golden Medical Discovery, which builds the whole system. A little book on Chronic Diseases sent free. Address R. V. Pierce, M. D., Buffalo, N. Y. Golden Medical Discovery sold by all druggists.

DR. SAGE'S CATARRH REMEDY.—\$500 reward for an incurable case. Sold by druggists at 50 cents.

LASTING LOVELINESS.—Twenty years ago, when painted faces, and artificial dyes were ruining the complexion and destroying the health of women of fashion, HAZEN'S MAGNOLIA BALM was brought out as a pure botanical cosmetic, guaranteed to restore bloom and beauty to the skin. From that time HAZEN'S Balm has been continually rising in public estimation as the safest and most unexceptionable preparation of its class. Instead of producing artificial, metallic surfaces, like the dyes, or enameled, or metallic, like the dyes, it keeps the skin as soft as velvet, renders it as smooth and glossy as satin, and imparts to it that healthy rosy bloom which is the ideal of complexional loveliness. This exquisite chromatic effect is not transient—by applying the Balm daily it is prolonged from youth to age. A lady who purchased the first bottle of the article nineteen years ago, writes to say that her complexion at forty is "purer, clearer and more brilliant than it has ever been; and she attributes the result to the daily use of HAZEN'S MAGNOLIA BALM.

A WHOLE PEOPLE'S OPINION.—When a nation of forty millions accept and endorse as a standard a Restorative an article that it has had the fullest opportunities of testing during a period of twenty years, who can so absurdly incredulous as to doubt the excellence of the preparation? "PLASTIC EXTRACT" has been brought this ordeal and is now the most popular proprietary medicine on this continent. It would be difficult to find either a doctor or a layman, either from the Atlantic or the Pacific or between the northeast corner of Maine and the southwest corner of Texas, who does not know, either from personal experience or observation, that this renowned vegetable remedy is the purest, most powerful, and the finest alternative and regulating medicine at present before the world. As a preventive of disease, and a specific for dyspepsia, rheumatism and all nervous and bilious affections, it is admitted to be fairly pronounced the Favorite Household Tonic and Alternative of the Western Hemisphere.

ASTHMA.—Jonas Whitcomb's remedy. Prepared from a German recipe obtained by the late Jonas Whitcomb, in Europe. It is a simple, safe, and effective remedy for all other appliances of medical skill had been abandoned. Joseph Burnett & Co., Boston. For sale by all druggists.

SUBSTITUTES FOR THE DENTAL RANKS are not desirable; therefore, keep the natural teeth sound and pure with that wholesome vegetable elixir, SODODONT. Do this, and they will last as long as the breath of life, and the breath itself will never be tainted.

TO OWNERS OF HORSES AND CATTLE.—Tobias Derby Compound Powders are warranted superior to any other, or no pay, for the cure of Distemper, Coughs, Croup, Hoarse, Cold, &c., in Horses, Tongue, Horn, Distemper, &c., in Cattle. Price 25 cents. Depot, 10 Park Place, New York.

PHYSIOLOGISTS SAY THAT OUR BODIES ARE renewed once in seven years. The material of which they are reconstructed is the blood, and unless it be fully charged with the elements of vitality, the strength and health of the system decline. Of all blood purifiers, Dr. Walker's Vinegar Bitters is the safest and most reliable. There is no disease, arising from depravation of the blood, which it will not speedily cure.

FOR DYSPEPSIA, indigestion, depression of spirits and general debility, their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers, the Food and Fruit "Elixir" of Calisaya, made by Cassell, Hazard & Co., New York, and sold by all druggists, is the best tonic, and the only one that patients recovering from fever or other sickness, has no equal.

CAROLIC SALVE, recommended by Physicians, as the great Healing Compound. Price 25 cents per bottle. Henry C. Morgan, Proprietor, 3 College Place, New York.

CHRISTOPHER'S HAIR DYE stands unrivalled in the world. No lady or gentleman can afford to neglect the hair. It is the most perfect, reliable and effective Hair Dye in the world. Manufactured by G. Maiden Lane, New York.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and gums. Sold by all druggists. Price 5 cents per bottle. Henry C. Morgan, Proprietor, 3 College Place, New York.

RISLEY'S BUCHU is a reliable Diuretic and Tonic for all derangements of the urinary and genital organs. The genuine, as formerly sold by Haviland, Harris, and Co., and their branches, is now prepared by H. W. Risley, the originator and Proprietor; and the trade supplied by his successors, Morgan & Risley, New York.

SVAPNIA, or opium purified, the most perfect anodyne in the market, made by process of Dr. J. M. Bigelow, Detroit Medical College. Is always uniform in strength, which is rarely the case in other preparations of Opium.

STATE MATTERS.

Our friends throughout the State will place us under obligations if they will furnish us with any items of news that may transpire in their respective sections, as we desire to make this department specially full.

Mr. Barton, our Associate and News Editor, is absent from his post—on account of sickness.

Farmer has a Greeley and Brown suit.

Farmer is looking well in Forsythe county.

The Salem Male school is in a prosperous condition.

The Superior Court convenes on Monday.

Wayne Superior Court convenes on the 1st of September.

A post office has been established at Edin Mills, in Iredell county.

Carl William Biegs, editor of the Salisbury, is sojourning in Oxford.

The temperance organization at Tarboro is in a flourishing condition.

John Syre has been appointed clerk for Forsythe county.

New turpentine distilleries are going on at Richmond and Robeson counties.

The camp meeting at Pleasant Garden, Guilford county, is largely attended.

The mill of Mr. Charles Conrad, on the York river, was recently destroyed by fire.

Only seven white men voted the radical ticket at Walnut Cove, Stokes county.

A protracted meeting is in progress at Stokesborough church, Stokes county.

The Messenger says the dry weather is having both corn and cotton in the state of Goldsboro.

The Messenger says it is hoped that the hotel at Goldsboro will be completed by the Fall at that place.

Mr. J. W. Allspaugh, late of the Wake Sentinel, was recently married to Miss Elsie Tucker, of Iredell.

Mr. H. H. (white), killed Wm. Ed. Stokes, (col.), in a difficulty with a pocket knife, in Rockingham county.

The dwelling of Mr. Brady George, on the York river, was destroyed by fire Monday night.

The Southern says the Sons of Temperance in Tarboro are in a flourishing condition; but the price of drinks is unchanged—15 cents straight.

The New North Star says a lady of Tarboro, who had lost her eye sight, was cured by the use of the water at Rock Bridge Alum Springs, Va.

The Lumberton Reformer is responsible for the following: A good story told of a negro preacher who answered his text from "de one-eyed ob de two-eyed chapter ob de book whar de pessel Paul aims his pistol at de Phesians."

The Wilmington Star, since it has changed its new dress, flashes with a new lustre. Its editorials are fresh and vibrant, its wit sparkling; its columns filled with original and selected gems, and its whole appearance is bright and glowing.

The town of La Grange in Lenoir county, says the Kingston Gazette is growing rapidly. A large number of new stores and residences are going up and new churches for the Methodist denomination is nearly completed. This certainly the most go-ahead town we know of.

John Howell, says the Messenger, formerly of Wayne county, was arrested at Rocky Mount, a few weeks ago, on a charge of passing counterfeit money. While being taken to Raleigh by a Saturday last, by deputy marshal Zook, he effected his escape when near Zook Hill.

Five fire places says the New North Star, in the new building of Mr. C. C. Bates, will be lined with soap stone from the Westminister mine, in this county. We have a sample of this soap which can be seen by calling at the office.

There is nothing superior, for fire-places, to this native stone.

The following gentlemen, says the Salisbury Messenger, have been appointed marshals for the approaching Fair of the Farmer's and Mechanic's Association, to commence at this place, October 22nd:

By B. F. Arrington, Chief.
Geo. T. C. McIlhenny, Wilmington.
Dean Hickey, Duplin county.
R. C. Lee, Clinton.
J. F. Dorch, Goldsboro.
G. W. Best, " "
T. B. Hyman, " "
R. B. Best, Greene county.
J. L. Bridges, Jr., Tarboro.
Captain Arthur Barnes, Wilson.
C. S. Wooten, Lenoir.
Captain S. T. Williams, Nash.
G. W. Nason, Jr., Craven.

The Lumberton Reformer relates the following instance of remarkable longevity: A negro woman died in Columbus county, on Monday night of last week, at the extraordinary age of 14 years. The woman's name was Hannah Powell. She was born in the year 1758, as the slave of a gentleman named Stephens, at whose death she descended to Col. Isaac Powell who had married the daughter of her old master.

A property of Mr. Josiah Maultsby, continued his slave until she was a free woman in 1865. She raised six children of whom the youngest now has a grand child. "Our aunt Hannah," as she was called, enjoyed perfect health up to the time of her death, retained all her mental faculties in a remarkable degree, and was revered by all as a venerable relic of the "olden time."

It is among the rumors of New York that George W. Childs, proprietor of the Philadelphia Ledger, is negotiating for the purpose of the World.

THE LADY'S YES.

"Yes!" answered you last night:
"No!" this morning, sir, I say,
Colors, seen by candle light,
Will not look the same by day.

When the labor played their best—
Lamps above and laughs below—
Love me sounded like a jest,
Fit for yes or fit for no.

Call me false or call me free—
Vow, whatever light may shine,
No man on thy face shall see
Any brief for change on mine.

Yet the sin is on us both:
Time to dance is not to woo,
Woeer light makes fleckle truth;
Scorn of me recoil on you.

Learn to win a lady's faith
Nobly, as the thing is high;
Bravely, as for life and death—
With a loyal gravity.

Lead her from the festive boards,
Point her to the starry skies,
Guard her by your faithful words,
Pure from courtship's flatteries.

By your truth she shall be true—
Ever true, as wives of yore;
And her Yes once said to you,
Shall be Yes forevermore.
